

California Landscape

THE ROCK Cabernet Sauvignon

The California Landscape searched throughout California to find the ideal Cabernet Sauvignon that is truly worthy of **The Rock** name. Carefully crafted to ensure the traditional highlights of a classic Cabernet, The Rock embodies dark fruit aromas with blueberry, boysenberry and bing cherry fruit flavors stitched with vanilla, oak and spice. The flavors linger through the finish, where they are met by smooth tannins and good acidity. The premium American oak used during the aging adds the richness and complexity of this wine.

The Rock. A great food wine - a perfect partner to flavorful and complex dishes. Ideal with beef.
